

M E T R O P O L

Using this template

There are three colours

RED indicates the bleed. This area will get cut off. Does your art have a colour, or background that extends to the edge of the card? Make sure it extends to fill the bleed. If it does not, your file will have a white border.

WHITE indicates the finished size of the printed card.

BLACK is the text safe area. Important info should be within it.

**Lastly, hide this Template layer, before sending it off to print.*
